## Brand Name

The RAYvolution brand name stands alone as the best choice for a personal battery charger.

## Value Priced

We are the value choice when it comes to getting the best for less than any other available.

## Size/Weight

We offer one of the lightest and smallest options on the market for personal chargers.

## Solar Feature

The convenience of charging the device by either plug-in A/C or Solar power.

## Add-Ons

We're the only battery charger that offers an A/C adapter, Micro USB and an iPhone 5 adapter.

## Private Label

We stand alone. No other offers the power of private label packaging exactly to your specs.
